

## **Procurement and Contracting Services**

### **Request for Proposals L302303**

#### **ADDENDUM #6**

**Please mark all proposal submission  
Envelopes with the following information**

**Sealed RFP # L302303  
Due on August 22nd, 2023 no later than 1:00 PM, MST**

The following language is incorporated into RFP L302303 in an effort to address ongoing supply chain concerns with Nvidia's A100 GPU.

**New Language:**

Due to supply chain constraints, the RFP committee will allow vendors to propose alternatives to the Nvidia A100 GPU in their proposals. If a vendor decides to propose an alternate, please provide a brief written reasoning as to why the specific alternate was chosen. Vendors are not required to propose an alternate if they feel that the A100 is still a viable option.

**End of addendum, all else remains the same.**
