The University will allow interested parties to be present via zoom for purposes of identifying which vendors have responded, if requested. If the University determines that due to an insufficient number of proposals received, it would be in the University's best interest, the University may extend the Due date in order to determine why other vendors did not respond and to encourage other vendors to respond.

3.8.1 Proposal Costs. The University is not liable in any manner or to any extent for any cost or expense incurred by any vendor in the preparation, submission, presentation, or any other action connected with proposing or otherwise responding to this RFP. In the event the University grants such a request, it may withhold issuing future RFP's to such vendors.

3.8.3 University's Right to Use Vendor's Ideas / Proprietary Information. If the vendor needs to submit proprietary information with the proposal, the vendor **shall ensure that it is enclosed in a separate redacted file from the proposal and that it is clearly designated and conspicuously labeled as such. The vendor may submit a full PDF for the committee and a redacted file for proprietary and confidential information within the guidelines below.**

The University shall have the right to use any ideas that are contained in any proposal received in response to this RFP, along with any adaptation of such ideas. Selection or rejection of the proposal shall not affect the University's right of use. Provided, however, that the University will, in good faith, honor any vendor information that is **redacted and saved as a separate file from the proposal and clearly designated and conspicuously labeled as proprietary, and the University concurs that the information is proprietary. The file must also contain the reason(s) why the enclosed material is to be considered proprietary.**

The University may accept or reject such proposed alternatives without further notification or explanation.

3.9.3 Proposal Acceptance/Rejection. The University reserves the right to reject any or all proposals. The University reserves the right to determine whether a vendor has the ability, capacity, and resources necessary to perform in full any contract resulting from this RFP. The University may request from vendors information it deems necessary to evaluate such vendors' qualifications and capacities to deliver the products and/or services sought hereunder. Such information shall not affect the vendor's risks or obligations under a contract resulting from this RFP.

3.9.7 Rejection of Vendor Counter-offers, Stipulations and Other Exceptions. Any vendor exception, stipulation, counter-offer, requirement, and/or other alternative term or condition shall be considered rejected unless specifically accepted in writing by the University and thereafter incorporated into any contract resulting from this RFP.

3.9.8 Method of Award. Each response to this RFP will be reviewed for its overall competence, compliance, format, and organization. Proposals which the University deems overly complex, disorganized, or difficult to evaluate may be rejected in accordance with [Section 3.7.10](#) of this RFP. The award shall be made to the responsive and responsible vendor whose proposal is determined to be the most advantageous to the University of Arizona, taking into consideration the following evaluation criteria listed in the relative descending order of importance. Pricing must be a criterion. However, the University is under no obligation whatsoever to select, as most responsive the proposal that demonstrates the lowest pricing.

Evaluation Criteria

- **Pricing and Commissions (Section 5.4)**
- **Specifications (Section 5.2)**
- **Marketing and Contributions (Section 5.5)**
- **Ordering/Delivery (Section 5.3)**

The contract will consist of the University's RFP, the proposal with any and all revisions, award letter, and/or purchase order, and/or the signed agreement between the parties, as stated in that agreement.

Once the award has been finalized, a notice of award may be posted on our [website](#).
- 3.9.13 Vendor's Need to Use Proprietary Rights of the University.** All information proprietary to the University and disclosed by the University to any vendor shall be held in confidence by the vendor and shall be used only for purposes of the vendor's performance under any contract resulting from this RFP.
- 3.9.14 Public Record.** After the award and execution of a contract resulting from this RFP, vendors' proposals become public record and are available for review during the University's regular office hours. The University will, in good faith and to the extent allowed by law, honor any vendor information that is clearly designated and conspicuously labeled as proprietary, and the University agrees that the information is proprietary. If the vendor needs to submit proprietary information with the proposal, the vendor **shall ensure that it is enclosed in a separate file from the proposal and that it is clearly designated and conspicuously labeled as such. The file must also contain the reason(s) why the enclosed material is to be considered proprietary.** At no time shall the entire proposal be considered proprietary and be kept confidential. The Vendor has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant in connection with the submitted proposal. In addition, Vendor certifies whether or not any employee of the University has, or has a relative who has, a substantial interest in any Agreement that may result from this RFP. Vendor also certifies their status with regard to debarment, or suspension by any Federal entity.

Failure to provide a valid signature affirming the stipulations required by this clause shall result in the rejection of the submitted proposal and, if applicable, any resulting Agreement. Signing the certification with a false statement shall void the proposal and, if applicable, any resulting Agreement. Any resulting Agreement may be subject

to legal remedies provided by law. Vendor agrees to promote and offer to the University only those services and/or materials as stated in and allowed for under resulting Agreement(s).

The University reserves the right to request a copy of the Successful Vendor's Drug Free Workplace Policy. The Successful Vendor further agrees to insert a provision similar to this statement in all subcontracts for services required.

The Vendor must maintain the administrative, physical, technical and procedural infrastructure associated with the provision of services to the University in a manner that is, at all times during the term of this Agreement, at a level equal to or more stringent than those specified by the parties to this Agreement.

4.51.2.2 Access Control. not limited to, credit monitoring services with a term of at least three (3) years, mailing costs, website and toll-free telephone call center services. If a data location selection is not covered by the service terms (or a Data Location Selection is not made by the University with respect to any University Data), the Vendor will not be restricted in the selection of University storage or processing facilities. Any services that are described in this Agreement that directly serve the University and may involve access to sensitive University Data or development or modification of software for the University will be performed within the borders of the United States.
