Request for Bids for Gold Sputter Targets

Addendum 1

**Please mark all proposal submission
Files with the following information**

**Sealed RFB # S192523
Due on April 11, 2025 no later than 2:00 PM, MST**

The following questions were received prior to the technical question period close of April 2, 2025 at 12:00PM MST.

If we were to win the bid, would we be permitted to update the quoted price to reflect the most recent changes in the price of gold?

Pricing should be based on gold prices at the time of proposal submittal. Should the price of gold have increased or decreased at the time of the award, the University will work with the awarded supplier to adjust pricing as needed.

End of Addendum, all else remains the same.
