Proposals which the University deems overly complex, disorganized, or difficult to evaluate may be rejected in accordance with [Section 3.7.10](#) of this RFP. The award shall be made to the responsive and responsible vendor whose proposal is determined to be the most advantageous to the University of Arizona, taking into consideration the following evaluation criteria listed in the relative descending order of importance. Agreement. Any resulting Agreement may be subject to legal remedies provided by law. Vendor agrees to promote and offer to the University only those services and/or materials as stated in and allowed for under resulting Agreement(s).

Process or Processing means any operation or set of operations which is performed on Personal Information or on sets of Personal Information, whether or not by automated means, such as collecting, recording, organizing, structuring, storing, adapting or altering, retrieving, consulting, using, disclosing by transmitting, disseminating or otherwise making available, alignment or combination, restriction, erasure or destruction.

Personal Information means information that identifies, relates to, describes, is reasonably capable of being associated with, or could reasonably be linked, directly or indirectly, with a particular individual, device, or household.

Security Incident means any accidental, attempted, unlawful, or unauthorized destruction, alteration, disclosure, misuse, loss, theft, access, copying, modification, disposal, compromise, or access to University Data or any act or omission that compromises or undermines the physical, technical, or administrative safeguards put in place by Vendor in Processing University Data or otherwise performing the Services.

System means any desktop or laptop, mobile device, server and/or storage device that, (i) is involved in the performance of the Services, (ii) may be used to access a Network, or (iii) may access or store University Data.

Vendor may not share or sell the University Data for any reason or disclose the University Data to any third party except to provide the Services specified in the Agreement.

b. Upon termination or expiration of the Agreement or upon written request from University, whichever comes first, Vendor will ensure that its Representatives (as defined below), immediately cease all use of and return to University or, at the direction of University, destroy all such University Data provided under this Agreement. If University elects for destruction, Vendor must certify in writing to University that such University Data has been destroyed in a manner that renders it unrecoverable.
